## EXPERIENCES

**Fiverr** | JULY 2020 – CURRENTLY | <https://www.fiverr.com/abouelhassan>

- I have extensive experience working as a full-stack web developer on the freelancing platform, Fiverr. During my time on the platform, I have completed numerous projects for clients from various industries, including e-commerce, real estate, and social media. My technical expertise includes proficiency in front-end technologies as well as back-end technologies. My ability to handle full-stack development, combined with my strong communication skills, has allowed me to consistently deliver high-quality projects on time and to the satisfaction of my clients.

**Upwork** | NOV 2021 - CURRENTLY | <https://www.upwork.com/freelancers/~01045a44054481c1f0>

- I have a successful track record as a full-stack web developer on Upwork, a leading freelancing platform. Over the years, I have taken on challenging projects for clients from various industries and have consistently received positive feedback for my work. My expertise covers a range of technologies, I have a strong understanding of web development best practices and am able to translate clients' requirements into effective and efficient solutions. My ability to effectively communicate with clients and deliver projects on time has helped me establish a reputation as a reliable and skilled full-stack developer on Upwork.

**Colochousing** | sep 2021 - dec 2022 | <https://www.colochousing.com>

- I have a significant experience in developing and managing front-end solutions for Co-living Rooms in Europe, a fast-growing marketplace for co-living solutions in Belgium. As a full-stack web developer, I was part of a big project team and took responsibility for the front-end development of the platform. My expertise in vue js, nuxt js, tailwindcss and JavaScript helped me create an intuitive and user-friendly interface for the platform, making it easy for users to find and book co-living solutions. I also collaborated closely with the back-end developers to ensure seamless integration of the front-end and back-end systems. My contribution to the success of the project was recognized by my team and management, solidifying my reputation as a skilled and dedicated front-end developer

**RCOS** | oct 2022 - CURRENTLY | <https://app.rcos.be>

- I had the opportunity to work as a full-stack web developer at RCOS Solutions, a Belgian company that offers innovative solutions for hairdressing and beauty professionals. In this role, I was responsible for developing and maintaining the company's web platform, which aimed to provide a seamless experience for hairdressing and beauty professionals.
